## **KIDSMILES GETS A MAKEOVER: STINGER STYLE!**

KidSMILES is the charity founded by Dr. Homon in 2009 to provide free dental care and education to children in need. KidSMILES has enjoyed the support of the Columbus Blue Jackets Foundation since the early days of the organization. This partnership began with an initial grant of \$50,000 from the foundation to help with the construction of the KidSMILES clinic on Bethel Road. Another key component of KidSMILES is the amazing staff of volunteers. There are nearly 200 dental health professionals who volunteer their time and allow KidSMILES to provide dental services to children that otherwise would go untreated.

KidSMILES volunteers also provide dental education. Research shows that early education is key to lasting dental health. To date, they have reached over 30,000 students with the help of our favorite mascot, Stinger. There is something about a seven-foot-tall green bee on roller blades armed with a gigantic toothbrush that gets the kids fired up about dental health.

Recently, KidSMILES was featured at the Columbus Blue Jackets Foundation annual fundraiser for its accomplishments. The Lady Blue Jackets, the wives and girlfriends of the players, held their annual fundraiser "Blue Jackets Favorites Basket Auction" and used the proceeds to do an extensive makeover of the KidSMILES clinic. We are extremely grateful to the Columbus Blue Jackets Foundation and the Lady Jackets for their support and partnership that allows us to help the dental needs of Central Ohio children!

Rian grew up in Delaware where she still resides today. She also attended Delaware Hayes High School.

She has a very close knit family that enjoys spending time together. In the summer, they love to hang out on the front porch. They have a

## Get to Know Dr. Carr

Dr. Kelly Carr celebrated her four year anniversary with the practice in February! She has really enjoyed being a part of Homon Orthodontics. Dr. Carr has learned so much from Dr. Homon and his team. She appreciates the ability to work together with Dr. Homon to provide patients outstanding care.

Her favorite part of working as an orthodontist is getting to know her patients and their families. Since she lives in the community, she also is able to see patients and their parents outside of the office at different community events and activities. It is amazing to watch patients grow up and a privilege to be a part of creating their wonderful smiles.
